Góra, POLAND**

SHAPE, CREATE, EDUCATE * * *

training course

**8 účastníkov
18 – 35 rokov
1.–8.5.2025
Poľsko**

about the project

In a rapidly digitalizing world, traditional handicraft techniques offer a unique and tangible way to foster creativity, enhance learning experiences, and build strong connections between individuals. Shape, Create, Educate is a training course designed for youth workers, educators, and community leaders who wish to explore the potential of handicrafts as a tool for non-formal education and networking.

8 účastníkov
18 – 35 rokov
1.–8.5.2025
Poľsko

During this interactive and hands-on training, participants will:

- Discover how various handicraft techniques can be used to support learning, personal development, and social inclusion.
- Learn how creative manual activities can enhance engagement, well-being, and soft skills in youth work.
- Exchange best practices and develop new collaborations with like-minded professionals across Europe.
- Explore how handicraft can serve as a medium for storytelling, cultural exchange, and community building.

Through practical workshops, discussions, and networking sessions, participants will not only gain new skills but also create meaningful partnerships that can lead to future projects and initiatives.

ACCOMODATION

Project will take place at “Bałtycki Relaks” pension in Jastrzębia Góra, Poland. The address is Wypoczynkowa 1 street. You can read more visiting their FB page

REIMBURSEMENT

Reimbursements will take place in accordance with program rules after all required documents are provided and the project is completed. Rates are in accordance with program rules

WEATHER IN MAY

Due to climate in Poland we encourage you to take various types of clothes, the weather in May should be rather warm.
